FLOWERS TEAR TROUGH[®]

For managing **dark circles**
under the eyes

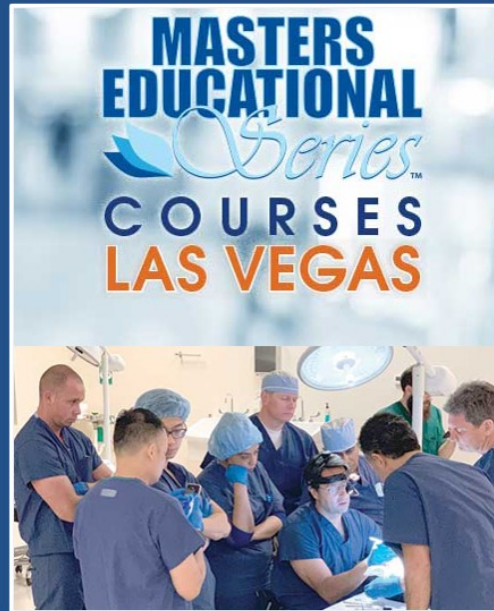

The implant of choice for dark under-eye circles

An accumulation of fat or *bags* under the lower eyelids causes shadowing, giving the appearance of dark circles under the eyes.

The solution? Implantech's Flowers Tear Trough[®] implant, sold in pairs.

The Latest Techniques

Facial & Body-Contouring Implants

CADAVER LAB

June 2022

November 2022

Advanced Techniques Using Facial and Body-Contouring Implants

It's now 2022 – a great time to add an invaluable dimension to your practice!

Facilitated by leading experts, our *Masters Educational Series* workshop in Las Vegas provides step-by-step instruction using solid yet supple silicone implants.

You'll learn the latest techniques for achieving aesthetic, long-lasting outcomes for both facial and body-contouring needs.

Along with classroom instruction, your CADAVER LAB includes:

Hands-On

DAY ONE – Facial

- Chin and jaw angle implants
- Malar and submalar implants
- Paranasal and nasal implants
- Temporal shell implant

Photos courtesy of Louis William Apostolakis, MD

The **standard version** augments the hollow beneath the eye bag. This creates a fuller, more youthful cheek-to-lower-eyelid transition that helps dispel shadowing.

Check out the above before-after implant photos of a patient (seen in conjunction with her blepharoplasty).

For increased fullness, the **extended version** also provides continuous augmentation into the cheek area.

For more information, **choose the Flowers Tear Trough®** as an excellent solution for dark eye circles.

HAPPY NEW YEAR
2022

Observe

DAY TWO – Body Contouring

- Gluteal, pectoral & calf implants

Also discussed on both days:

- Patient-specific implants
- Challenging cases
- Managing complications

Upon course conclusion, you'll receive a Certificate of Completion, plus a "Course Certified" icon for prominent display on your website.

Sign up for one or both days in either **JUNE** or **NOVEMBER**, but make this opportunity happen for you in 2022!
